

# Binding the Strong Man

Willie Martin

There is nothing out of date about the Bible. Its clear distinctions between good and evil that started in Genesis 3:15, its rules for human conduct and its laws for the government of the nation, are as valid and as vital today as they ever were in the days of the prophets that wrote them. It was written then to be read now. Far more of its prophecies and warnings apply to this present time than were aimed at the times in which they were written. This is equally true of both Old and New Testaments, they are both part of the same book and each confirms the other. WE WOULD DO WELL TO HEED THEM.

When our ancestors founded this nation, they were Christians, the cries of the antichrists and their minions to the contrary notwithstanding, who recognized the eternal validity of Yahweh's laws. They were aware that only in obedience to our God could the nation populations, grew to become the mightiest nation the world has ever seen.

All the power of ancient Babylon, Assyria, Egypt, and Rome, the empires who ruled with force and cruelty all the world they knew, were insignificant compared to the majestic might we enjoyed just 15 years ago. How did it happen that we have now fallen to the point where we pay heavy tribute money to the Jews in Israel.

We try, with whining pleas and bribes, to curry favor with the Jews and their minions, and whimpering to anyone who will listen, we just can't survive without the help of these weak and helpless nations. Haven't we even one man in Washington who can understand, unless these nations have the courage and honor, to fight for their own freedom even though they stand alone like Iraq, they certainly won't fight for us because we suddenly change and lift the sanctions and pay them bribes? How can we have fallen to the point where we just wince and yelp as the Jews tighten the screws.

Only by allowing the antichrists to corrupt us, to lead us away from Yahshua and the Bible. Which we were warned about: "Not giving heed to Jewish fables, and commandments of men, that turn from the truth." (Titus 1:14)

No enemy army crushed our power, no foreign government has conquered us. We were betrayed by our own rulers, those whom we trusted to lead us. What comfort is it that traitors were few but dupes were many, the result is the same. Yahshua warned us not to let this happen. He said in Mark 3:27 and Matthew 12:29; "No man can enter into the strong man's house and spoil his good except he will first bind the strong man and then he will spoil his house."

Who will do this treacherous act, is it an invader who binds the strong man? No indeed, it is done by antichrists who have infiltrated and corrupted our nation and gained places of power within it. Yahshua said in Matthew 10:36, "A man's foes shall be they of his own household."

When we were the strongest nation in the world, able to set all the world free, we allowed to it as to a conqueror. Since then it has done us no good, it has only weakened us and has begun to destroy even our internal liberties. We have been officially told that we have lost the power

to decide who may own land in this nation, because that is contrary to United Nations treaties. Yet, our citizens are still subject to such restrictions in over two thirds of the world.

With deceptive treachery, the U.N., proposes the so-called Human Rights Covenant and Genocide Convention, both of which if we are foolish enough to adopt it, will abolish our Constitutional right to a trial by jury. It will make any American citizen subject to be deported to some foreign nation, there to be tried by foreign courts without a jury.

The proceedings will be under a foreign law, in a language he doesn't understand. He will be thousands of miles away from the people he might need to call as witnesses in his defense. This, not because he had ever entered such other countries and violated their laws, but for something he had done here in the United States, which is perfectly legal under our own laws.

Did you think that could ever happen? Wake up. False accusations are an old, favorite means of disposing of a political opponent, especially by left wing groups. So you expect justice from such a court, if brought before it? Don't be silly. The prophet Micah describes the lands where our patriots would be tried on trumped up charges.

“The devout have vanished from the land, not one honest soul remains; everyone lurks for bloodshed, each man preys on his fellows. They have quick fingers for foul play; the judge must handle a bribe, the high official acts as he pleases and between them they battle justice. The best of them are no better than briars, the straightest are like thorns twisted in a hedge.”

Do you think that couldn't happen here? Wake Up! In three different recent years, here in the United States, the so-called Military Government Teams have conducted practice seizures of American cities, in which they displaced the civil government. They set up concentration camps, issued proclamations threatening to close schools, churches and suspend the newspapers. All of this was done under the United Nations flag and in the name of the United Nations. Their proclamation stated, “The laws of your country which conflict with our Military Government policies, will be suspended. You will have to function under the international law.”

They listed many new crimes for which American citizens would be punished. Among these was publishing, circulating, or having in possession with intent to publish or circulate, any printed or written matter hostile, detrimental or disrespectful to the military government or to the government of any other of the United Nations. Now you know what was behind the (sic) Patriot Act and other laws coming out of Washington removing our freedom of speech.

As a Christian following Christ, as a Texan, as a Free American I will certainly continue to publish and circulate matters hostile and disrespectful to all the Jewish powers. If our enthusiastic supporters of the U.N. have their way, I will face a firing squad for daring to tell the truth as Yahweh gives it to me. So far have they gone, these blind worshiper of foreign rule, in their desire to destroy their own nation, that every true American patriot who wants this country to remain free and independent is smeared as isolationist, reactionary, or even Fascist.

Before 1945 our country prospered greatly, we had the highest standard of living ever known and a steadily growing production of wealth for distribution. Even in the depression days, our people on relief lived better than three quarters of the world had ever lived. We determined our own foreign policy and were respected for our strength.

In 1945 occurred the second greatest disaster, we allowed secret Jews and their dupes to get us to join the United Nations. We agreed that we should have only one vote therein, but Russia has three votes besides casting other votes in the names of her satellite slave states. All directed by secret Jews from behind the scenes. We agreed that while the civilian offices should rotate among the different nations, a communist Russian should always have command of the United Nation's military department. We surrendered to this Jewish conceived monster, the power to determine our own destiny. We have only one vote out of far more than one hundred members.

It is time to ask ourselves these question: (1) What has membership in this organization done for us and to us? (2) What does Yahweh say of this? (3) Can we reconcile this with our duty as Christians?

The United Nations has made us pay an appalling toll in expense, dishonor and death. It has not prevented war, multiple wars have raged in many places during most of its history. It has no substantial military force but our own. We pay not only our own costs, but also a large part of the military expenses of most other nations. We paid almost all of the cost of the Korean War, which was more costly year for year than World War II. We also paid the entire cost of the tragically insufficient defense of Indo China.

Though we are only one out of far more than one hundred members, we pay far over one-third of the United Nation's expenses; this is through the miscegenations of the Jews from behind the scenes. On the face the Jews appear to hate the U.N. and disregards its orders at will; but in actuality they control it just as they do the United States through their traitorous agents.

It is past time to ask ourselves these questions:

- 1). What has membership in this organization done for us and to us?
- 2). What does Yahweh say of this?
- 3). Can we reconcile this with our duty as Christians?

The United Nations has made us pay an appalling toll in expense, dishonor and death. It has not prevented war; in fact multiple wars have raged in many places during most of its history. Bringing to mind what Christ said: "And Jesus answered and said unto them, Take heed that no man deceive you. For many shall come in my name, saying, I am Christ; and shall deceive many. And ye shall hear of WARS and RUMORS OF WARS: see that ye be not troubled: for all these things must come to pass, but the end is not yet. FOR NATION SHALL RISE AGAINST NATION, AND KINGDOM AGAINST KINGDOM: and THERE SHALL BE FAMINES, and PESTILENCES, and EARTHQUAKES, in divers places. All these are the beginning of sorrows." (Matthew 24:4-8; Mark 13:17)

Can there be any doubt that this is coming true right at this present time?

Then Christ says that right after these things: "Then shall they deliver you up to be afflicted, and shall kill you: and ye shall be hated of all nations for my name's sake. And then shall many be offended, and shall betray one another, and shall hate one another. And many false prophets shall rise, and shall deceive many. And because iniquity shall abound, the love of

many shall wax cold. But he that shall endure unto the end, the same shall be saved.”  
(Matthew 24:9-13)

Again, can there be any doubt in anyones mind that this is happening at this very moment in time?

The United Nations has no substantial military force but our own. We pay not only our own costs, but also a large part of the military expenses of most of the other nations. We paid almost all of the entire cost of the Korean War, which was more costly year after year than World War II. We also paid the entire cost of the tragically insufficient defense of Indo China.

Finally we are beginning to learn that we can't buy friends, like you would buy carrots or bananas, we don't have one reliable ally among the many that belong to the United Nations; and that is because of the control of the Jews from behind the scenes and their lap-dogs, and boot-licks from among our own people. When we organized the Southeast Asia Treat Organization, we were not allowed to include Nationalist China, South Korea or Japan. Not because the Red Chinese objected, but because England and France would not let us. To support this miserable mess, we pay more in taxes than all the rest of the world combined. For what purpose do we saddle this ruinous burden upon our people?

Dishonor? Yes! We no longer chart our own independent course, with due regard to our national honor and interests. We always sacrifice both upon the altar of a false democracy of our enemies. We come, bowing humbly, to ask of the nations: What will you permit us to do, what do you command us to do? We pledge ourselves in advance, to abide by their orders, however detrimental to our rights and honor it may be. We have often declared we will never use our veto power on anything, and that is true unless the Jews say different. The result, the United Nations, under its Jewish Communist Military director, compelled us to lose the Korean War, though we had the power to win it, for the purpose of making us lose face in Asia.

The strong man, our beloved nation, has truly been bound by treacherous members of his own household, who would help his enemies steal his freedom and his wealth. The time still left in which to set him free to defend himself, is desperately short. This could never have happened to us if we had obeyed Yahweh's laws and heeded His warnings.

Yahweh promised us in Exodus 19:5-6, “Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people; for the earth is mine. And ye shall be unto me a kingdom of priests and a holy nation.”

The penalty for setting the demands of admitted minority groups, above the law of Yahweh, is severe. Hosea 4:6 tells us, “My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.”

“For lack of statesmanship, a nation sinks.” (Proverbs 11:14)

“For the leaders of this people cause them to err; and they that are led of them are destroyed.”  
(Isaiah 9:16)

The Bible's message is not to the individual above. A large part of the Bible is a message to the nation, which only the nation can keep. It reports many instances in which disaster came upon all the people, the multitude of individuals, because they had allowed their nation to follow the paths which lead inevitably through corruption into ruin. What the nation must do is to instill responsibility in each one of us, as individuals. We must use all our power to direct the nation into the right paths, otherwise we suffer the disaster which comes upon the nation. This is the time for each of us to obey the warning in Isaiah 58:1; "Cry aloud, spare not, lift up thy voice like a trumpet and how my people their transgression." If each of you will do your part, it isn't too late yet.
